

FITTEST 2013

International Workshop on Future Internet Testing

25th IFIP International Conference on Testing Software and Systems (ICTSS'13)

November 12, 2013, Istanbul

09:00 09:15	Welcome to the FITTEST International workshop
09:15 10:15	The FITTEST project and its final results <i>Tanja Vos (FITTEST coordinator) (Universidad Politecnica de Valencia, Spain)</i>
10:15 10:45	Assessing the Impact of Firewalls and Database Proxies on SQL Injection Testing <i>Dennis Appelt, Nadia Alshahwan and Lionel Briand.</i>
10:45 11:15	N-Gram Based Test Sequence Generation from Finite State Models <i>Paolo Tonella, Roberto Tiella and Cu Duy Nguyen</i>
11:15 11:45	Logging to Facilitate Combinatorial System Testing <i>Peter M. Kruse, Wishnu Prasetya, Jurriaan Hage and Alexander Elyasov</i>
11:45 12:45	Lunch
12:45 13:00	Introduction to the FITTEST 2nd round of the Java Unit Testing Tools competition <i>Sebastian Bauersfeld (Universidad Politecnica de Valencia, Spain)</i>
13:00 13:20	Participant: EvoSuite <i>Andrea Arcuri and Gordon Fraser (online via skype)</i>
13:20 13:40	Participant: T3 <i>Wishnu Prasetya (Universiteit v an Utrecht)</i>
13:40 14:00	Outcome of the Java Unit Testing Tools competition <i>Sebastian Bauersfeld (Universidad Politecnica de Valencia, Spain)</i>
14:00 14:15	Prize awards <i>Tanja Vos (FITTEST coordinator) (Universidad Politecnica de Valencia, Spain)</i>
14:14 14:30	Coffee break
14:30 15:00	Demonstration of the FITTEST Integrated Testing Environment (ITE) <i>Peter Kruse (Bernier & Mattner, Germany)</i>
15:00 15:30	Discussion on future research directions for FI testing <i>Moderated by TBC</i>
